Region 10 Statewide [1]							$0.00
Totals:	**152,967**	**16,952**	**33,623**	**6,163**	**38,689**	**100%**	**$3,394,877.00**

[1] This amount reflect the amount of statewide funds in Region 10, or 5.74% of the overall federal allocation amount.

[2] Because age/sex data for 2020 Census are not yet released, April 2020 data are Department of Labor estimates based on Census 2020 total population numbers. Alaska Department of Labor and Workforce Development, Research and Analysis Section. 2022.

[3] Because age/sex data for 2020 Census are not yet released, April 2020 data are Department of Labor estimates based on Census 2020 total polupation numbers. Alaska Department of Labor and Workforce Development, Research and Analysis Section. 2022.

[4] Alaska Department of Labor and Workforce Development, Research and Analysis Section; and U.S. Census Bureau. 2021.

[5] See American Community Survey Series ACSDT5Y2021.

[6] Values in this column reflect senior population, 50% of the senior population, and 100% for rural designations. Micropolitin. See last plan language.

[7] The rural factor is calculated using a two-step process described in the Appendix C.

[8] For regions that experience a significant change in allocated funding compared to prior state plans, the changes will be noticed in advance to allow impacted regions to prepare for the funding changes.
