

**FY17 Medication Assisted Treatment Request for Proposals
Amendment 3- Written Inquiries
October 19, 2016**

Question 1: Since this is a mid-year solicitation and applicants are required to submit a 6 month budget instead of a full year, should we limit our budget amount to half of the total for a full year?

Answer 1: Yes. Anchorage applicants should limit their budget to \$225,000; 30% of that amount can be for start-up costs. Juneau applicants should limit their budget to \$175,000; 30% of that amount can be for start-up costs.
