## 1. Introduction – AKAIMS Minimal Data Set Requirements

The purpose of this document is to outline the AKAIMS minimal data set requirements. It is not intended to replace the AKAIMS User Manual but only to outline the fields that are required to be completed within AKAIMS to fulfill the AKAIMS minimal data set requirement. The AKAIMS minimal data set includes:

1. Client Profile
2. Emergency Services (PES Grant)
3. Intake
4. Wait List
5. Admission
6. Life Domain, initial and updates
7. Program enrollment
8. Encounter data
9. Discharge data
10. Consent and Referrals (if applicable) including Disclosure Agreement

Each section of the document includes a screen shot, explanation of the required fields, possible field values, and description of when the field will need to be completed. For example, the same fields are not required for youth as are for adults.

**Note: ALL yellow fields on these screens - light and dark - are required for MDS**

### 1.1 Field Types

**Text Box** 

- Accepts alphanumeric values.
- Some fields have predefined criteria for entry, i.e., DOB – MM/DD/YYYY.

**Drop Down List Box (DDLB)** 

- Values vary depending on the field.
- Can select one item from the list.

**Mover Box**

- Values vary depending on the field.
- Can select one or more items from the list.

## 2.0 Client Profile

### 2.1 Client List / Search

- Use one or more search criteria boxes to check if a file already exists for the client
- If no file exists, click on the link at right end of blue bar: Add Client

The screenshot displays the AKAIMS QA web application interface. The top navigation bar includes the WITS logo, the text 'AKAIMS QA 18.37.2', the user's agency 'aaaPatrick's Test Agency, Behavioral Health', and the user's name 'Good, Lisa' with a 'Logout' link. A secondary bar contains 'Video' and 'Snapshot' options.

The left sidebar contains a menu with the following items: Home Page, Emergency Services, Agency, Group List, Client List (expanded), Client Profile, Benefit Application, Linked Consents, Emergency Services, Non-Episode Contact, Activity List, Episode List, System Administration, Reports, and Support Ticket.

The main content area is titled 'Client Search' and contains a form with the following fields: Agency (aaaPatrick's Test Agency), Facility (dropdown), First Name, Last Name, SSN, DOB, AKAIMS QA Client Id, Unique Client Number, Provider Client ID, Treatment Staff (dropdown), Primary Care Staff, Case Status (dropdown), Intake Staff (dropdown), Other Number, Number Type (dropdown), and Case #. There is also an 'Include Only Active Consents' dropdown set to 'Yes'. 'Clear' and 'Go' buttons are located at the bottom right of the search form.

Below the search form is a section titled 'Client List (Export)' with an 'Add Client' link. It contains a table with the following columns: Actions, Unique Client #, Full Name, DOB, SSN, and Gender. The table is currently empty.

At the bottom of the main content area, there is a blue bar with the text 'Clients with Consents from Outside Agencies'.

## 5.0 Client Wait List

### 5.1 Add Client to Wait List

- Click on the white link at the far right end of the blue bar: “Put Client on Waiting for Another Program”

The screenshot displays the AKAIMS web application interface. At the top left, the version number '17.5.1' is shown. The header includes the 'WITS AKAIMS' logo and a 'Logout' button. Below the header, the user information is 'User: Good, Lisa, BHS' and the location is 'State of Alaska, Administrative Facility'. A 'Snapshot' icon is also present. The main content area shows a client profile for 'Silly, Rabbit | M559599IS995100 | 3' with a 'Clear Client' button. A navigation menu on the left lists various options, including 'Client List' and 'Wait List'. The main content area is titled 'Client Waiting List' and features a table with columns: 'Actions', 'Full Name', 'Program', 'Staff', 'Pregnant', 'Due', 'Dual Diag.', 'IV Drugs', 'Interim Ser', 'Placement Asst', and 'Start Date'. A link 'Put Client on Waiting for Another Program' is located at the top right of the table area.

### 7.3 Diagnosis

- Primary diagnosis is gray; it will auto-populate with the Behavioral one marked as Principal
- Secondary and Tertiary drop-down lists populate once diagnoses have been added below
- Effective Date and Time auto-populate, editable
- Expiration date/time auto-populates when another diagnosis is saved later anywhere in the file
- GAF is optional

Click on white link [Edit Diagnosis](#)

The screenshot displays the AKAIMS software interface. At the top, the header shows the user 'Good, Lisa' and location 'aaaPatrick's Test Agency, Behavioral Health'. The main content area is titled 'Client Diagnosis' and includes an 'Edit Diagnosis' link. The form contains several fields: 'Primary', 'Secondary', and 'Tertiary' diagnosis dropdowns; 'Effective Date' (10/1/2015) and 'Time' (12:00 AM); 'Expiration Date' and 'Time'; 'Diagnosing Clinician'; and 'GAF Score'. Below these are three tables for 'Behavioral Diagnosis', 'Medical Diagnosis', and 'Psychosocial Diagnosis', each with columns for 'Code', 'Description', 'Comments', and 'Principal'. At the bottom right, there are 'Cancel', 'Save', and 'Finish' buttons along with navigation arrows.

- Selecting Type changes the Diagnosis list to show only those applicable
- Select a Diagnosis – type part of the number or letters to populate/shorten the list
- One Diagnosis in Behavioral must be designated Principal; this populates Primary
- Leave Medical type blank if unable to obtain credible diagnostic info; comments box may be used to indicate “Provisional” when it’s expected that more info to confirm is yet to come, or “Tentative” if requirements for diagnosis are only partially fulfilled
- Click Finish to return to the main Diagnosis screen

### 7.6 Treatment Encounter List

- Click on white link [Add New Treatment Encounter Record](#).

The screenshot displays the AKAIMS web application interface. At the top left, the version number '17.5.1' is shown. The header includes the 'WITS AKAIMS' logo and a 'Logout' button. Below the header, the user information is 'User: Good, Lisa, BHS' and the location is 'State of Alaska, Administrative Facility'. There are links for 'Generate Report' and 'Snapshot'. The client information is 'Client: Silly, Rabbit | M559599IS995100 | 3' with a 'Clear Client' button.

The left sidebar contains a navigation menu with the following items: Home Page, Emergency Services, Agency, Group List, Client List (expanded), Client Profile, Linked Consents, Emergency Services, Non-Episode Contact, Activity List (expanded), Intake, Drug Testing, Wait List, Tx Team, AST FY2011, Client Status Review, Assessments, Admission, Notes (expanded), Encounters (expanded), Profile, Encounter Note, Services, Misc. Notes, and Treatment.

The main content area is titled 'Encounter Search' and contains the following search criteria:

- Start Date:
- End Date:
- Rendering Staff:
- Service:
- Encounter Status:
- Program:

Buttons for 'Clear' and 'Go' are located at the bottom right of the search section.

Below the search section is the 'Encounter List' table. It has a link for '(Export)' and a link for 'Add New Treatment Encounter Record'. The table has the following columns: Actions, Tx Date, Service, Duration, Rendering Staff, Program Name, and Status. The table is currently empty.

## 12 Appendix B – Encounters - Service Codes / Description

The codes listed here only include those active as of January 1, 2013 for Medicaid billable services, and the description is abbreviated for quick-reference. Not included in this appendix are codes that are valid and billable to other payors, nor those that have expired, still listed in AKAIMS to enable adding past activities to a client record, nor new codes that have been added since then. Also not included in this list are codes that are available in order to accommodate documentation of services outside of Medicaid billing, such as for private practitioners. Those in AKAIMS with a "/GT" modifier added indicate services available to be provided by telemedicine; that modifier is not shown on this list.
