

Amendment 1 – Answers to Written Inquiries

National Family Caregiver Support

April 24, 2026

Inquiry:

Agency is requesting information on the funding allocation by region and requesting documentation that references the available funding amounts allocated to each region.

Response:

Funds available for this program are anticipated to total \$3,979,518 over the three-year duration of the procurement (\$1,326,506 annually) in combined Federal and State General funds.

No more than 10% of the total funding available will be available to provide support to grandparents raising grandchildren. Approximately 5% of the total available funding will be available to provide legal services to caregivers. The remaining funds will be distributed statewide based on the number of proposals received and from which regions around the state, the quality and the scope of the proposals. Recommendations for award will pay particular attention to making sure services are dispersed across the state as equitably as possible to reach the target populations and priorities for services of the RFP.
