Section 1 Grant Program Information

1.01 Introduction and Program Description

The Department of Health and Social Services (DHSS or Department), Division of Senior and Disabilities Services (DSDS, SDS or the Division), is requesting proposals from eligible applicants to provide Senior In-Home Services (SIH) services to the Seward area on behalf of the State of Alaska in FY2020 through FY2022. Program Services are authorized under 7 AAC 78 Grant Programs. Additional governing statutes are AS 47.05.010 (17) Duties of the Department and AS 47.65 Service Programs for Older Alaskans and Other Adults. State of Alaska statutes and regulations are accessible at <http://www.law.state.ak.us/doclibrary/doclib.html> or through the contact person identified on the cover page of this Request for Proposals (RFP).

The State of Alaska, DHSS, SDS provides funding for Case Management and In-Home Services to low income seniors who experience Alzheimer's Disease or a Related Dementia (ADRD), frailty due to aging, or other cognitive or physically disabling conditions in order to help them remain in their homes and living independently for as long as possible, forestalling or preventing more costly institutional care.

The SIH services grant program offers older individuals, 60 years of age or older who are low income and need assistance with activities of daily living (ADLs) or instrumental activities of daily living (IADLs), a menu of services to best meet their needs. Services include case management, chore, respite, extended respite and supplemental services (as further described in Section 1.03 Program Services/Activities). Senior In-Home grantees utilize funds that are matched with individual resources to maximize services statewide.

1.02 Program Goal and Anticipated Outcomes

The goal of the Senior In-Home program is to support older individuals to maintain their independence while prioritizing those individuals with the highest need.

The anticipated outcomes for this grant program are:

- ensure program participants remain living in their place of choice,
- increase the number of individuals with Alzheimer's Disease and Related Dementias (ADRD) and other disabling conditions served through Senior In-Home services, and
- increase or maintain client satisfaction with services.

The proposed project and required Logic Model (refer to Section 1.04 for additional information) must demonstrate a thorough understanding and support of the grant program's goal and outcomes anticipated by the Department. Proposed projects must meet or exceed anticipated minimums described in this RFP.

1.03 Program Services/Activities

Services provided under the grant must meet the stated goal and result in measurable outcomes. The proposal must include a description of the activities for each service that support the goals and outcomes of the project. The activities listed must match those summarized in the Logic Model. The proposal must include a Plan for Services using the attached FY2020 SIH Planned Services and Expenditures form (refer to Section 4.04, 4). Additionally, the proposal must include a Timeline for all activities. The applicant must either provide confirmation they will use the SIH Case Management Assessment-Plan of Care form (located under Attachments) to assess each individuals

need for assistance or the agency must submit a draft of the Assessment and Plan of Care form they propose to use to be approved by the SIH Grant Program Manager for use.

The Senior In-Home Services grant program includes the following services and activities:

Case Management

Case Management services provide assistance to persons in gaining access to needed medical, social, educational, and other programs and services. Case Management ensures coordination of services, and adequate follow-up and monitoring. Through comprehensive assessment of the physical, emotional, cognitive, and social needs, Case Managers develop a network of services, both formal and informal, unique to the specific individual.

Case Managers complete Plans of Care acceptable to the client and family and assist the client in obtaining the specified services. While receiving services, Case Managers provide ongoing monitoring of the client's situation to assure that the Plan of Care meets the individuals changing needs in order to remain in their home and community of choice for as long as possible. Case Management services may be short-term or long-term.

The list of items below address Information, Assistance, Outreach and Referral activities:

- Assessing an individual's needs require the provision of services by formal service providers, family caregivers, and other formal supports using SIH Case Management Assessment, home safety and falls prevention;
- Developing a Plan of Care that identifies a course of action to respond to the assessed needs of the eligible individual using the attached standardized SDS Plan of Care form;
- Client monitoring that includes the scope and frequency of contact to ensure the Plan of Care is implemented and adequately addresses the recipient's needs (for clients receiving ongoing, longer-term Case Management, at least one contact by phone or face to face per month is expected); and
- Annual review and update of the Assessment and Plan of Care.

Chore

Chore services assist the client in keeping a safe and clean environment to live independently in their own home. Chore services may be provided to assist individuals with activities such as meal preparation, grocery shopping, managing money, using the telephone, laundry, performing light housekeeping, performing heavier housekeeping, yard work, chopping wood, hauling water, sidewalk maintenance or other chore-type tasks as approved by the SDS Program Manager.

Allocation of Chore services

- Chore services are available up to a maximum of 25 hours per month per client or household; and
- Chore services may not be provided in a household when an able-bodied adult resides in the home.

Service Coordination

Service Coordination services involve using the SIH Case Management Assessment form, or one developed by the service provider and approved by SDS, to evaluate the individuals daily living activities and instrumental activities of daily living, develop a service plan, monthly monitoring to ensure that the service plan is executed, and an annual review to evaluate whether any adjustments to the existing service plan needs to be made.

Respite and Extended Respite Care

Respite and Extended Respite Care services provide support, relief to families and other caregivers. Additionally,

Respite is intended to promote the optimum level of independence and functioning to assist the client to remain living at home. Respite Care services provide substitute care for adults with declining physical and cognitive functions to allow intermittent or temporary relief or rest to a primary caregiver who is most often a family member. Services may be provided on either a planned or emergency basis in a variety of settings such as in the family or caregiver's home, the respite worker's home, a licensed assisted living home, residential care facility, hospital or nursing facility. Extended Respite is the provision of 24 hour care usually out of the home in a licensed facility.

Allocation of Respite services

- Respite services are available up to a maximum of 40 hours per month;
- Extended Respite services are available up to a maximum of one week per year of 24 hour care;
- Extended Respite hours may not be utilized in the same manner as regular Respite hours;
- The intent of Extended Respite is to provide the caregiver with 24 hour relief; and
- Individuals living in the same home as the recipient may not be employed to provide Respite.

Service Coordination

Service Coordination involves using the SIH Case Management Assessment form or one developed by the service provider and approved by DHSS/SDS, to evaluate the individuals activities of daily living and instrumental activities of daily living, developing a service plan, monthly monitoring to ensure that the service plan is executed and annual review to evaluate whether any adjustments to the service plan need to be made.

If awarded, grantees will be required to submit a sliding fee scale based on the most current Federal Poverty Guidelines for Alaska and the agency's sliding fee scale policy.

Supplemental Services

Supplemental Services assist the low-income senior in attaining or maintaining a safe and healthy environment to avoid a crisis that would jeopardize their ability to remain independently in their own home.

For the purposes of this RFP, "low income" refers to an individual 60 years of age or older whose income is at or below the Medicaid long term care eligibility for seniors. This limit is currently \$2,313 per month per individual and each spouse is allowed up to \$1,053 per month. Other resources for funding should always be explored before application is made for this service. Supplemental Services are not meant to take the place of ADRD mini-grants, but rather provide similar mechanism for individuals who do not have ADRD. Individuals who have ADRD must first apply for an ADRD Mini-Grant. Individuals who receive an ADRD Mini-Grant may not be eligible for Supplemental Services depending upon circumstances, but will be considered on a case-by-case basis.

Eligible items and services may include, but are not limited to the following: assistive devices, home safety interventions, personal emergency response alarm systems, minor home modifications, access to medical, dental and vision care, or special health care needs such as personal care assistance for an anticipated short-term use after hospital discharge for up two weeks (must be approved by the SDS Program Manager and may be approved for up to a maximum of one month depending upon circumstances). Assistance with items or services to avert a crisis that are not covered by another funding source may be allowable (e.g., medical transportation and winter clothing).

Allocation of Supplemental Services

- Approved on a case-by-case basis by the SDS Program Manager, requests to be submitted on the grantor's prescribed Request form;
- Limited to \$500 annually per client or household depending upon the request, and
- Provider agencies will purchase services or goods for the client, a voucher system will not be allowed.

Service Principles, Case Notes, Service Standards, and Policies and Procedures for Services

By making application, applicants agree to comply with all of the following additional program requirements:

1. SDS Service Principles adopted by Senior and Disabilities Services can be found at the following link: <http://dhss.alaska.gov/dsds/Pages/mission.aspx>;
2. Case Notes are required for all recipients receiving services. The Case Notes must follow standard Human Services Practice and be sufficient for liability protection and historical tracking;
3. Current Standards of Practice for Services found within "Conditions of Participation" (COP) located in the following link: <http://dhss.alaska.gov/dsds/Pages/regulationpackage.aspx>; and
4. Grantees will be required to submit a copy of their Policy and Procedure Manual for Services upon grant award.

1.04 Program Evaluation Requirements and Reporting

Results Based Budgeting Framework

Results Based Budgeting provides a framework in which allocated resources are supported and justified by a set of outputs and expected results. Within this framework, actual performance and achieved outcomes are measured by objective performance measures.

Projects must align with program objectives expressing Department priorities and core services. Projects will use performance measures to evaluate progress toward meaningful outcomes and to initiate data collection and reporting consistent with Department priorities.

The Department Priorities, Core Services, Objectives and Performance Measures of Effectiveness and Efficiency for this program are:

Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskan

Department Objective

- 1.2.3 Increase the number of Older Alaskans who live safely in their communities

Effectiveness Measure:

- Number of individuals who receive services

Efficiency Measure:

- Grant expenditure per individual

The additional Effectiveness Performance Measures for this program are:

1. Number of individuals with ADRD served,
2. Number of individuals with 2 or more ADLs,
3. Number of individuals surveyed for satisfaction, and
4. Out of those surveyed 80% or better rated services good to excellent.

SIH Logic Model

The applicant must complete and submit the predesigned Logic Model that includes goals, outcomes, resources, activities and outputs compliant with the grant project and program intent. The applicant must indicate the resources and activities applicable to their proposed project. Utilizing this framework, SDS Program Managers and grantees will use predetermined performance measures to evaluate progress in order to meet meaningful outcomes and initiate data collection and reporting consistent with Department priorities.

In addition to the Effectiveness and Efficiency Performance Measures required by the Department, the Senior In-Home grantees will be responsible for reporting to the Division of Senior and Disabilities Services the additional performance measures specific to the grant program as listed on the Performance Measure Framework, including final fiscal year data to be submitted in the final 4th quarter reports.

Grant Reporting

Required reporting will include:

1. Cumulative Fiscal Report (overall grant and match expenditures are reported quarterly by budget line item);
2. Program Reports in the format/time frame prescribed by the grantor:
 - CFR2 (quarterly expenditures by funding source and service on the Expenditures by Services Category),
 - Biannual Narrative Progress Report (narrates the progress of the program),
 - Annual Performance Measure Framework (includes data from Annual Consumer Survey),
 - Annual Consumer characteristics updates into the WellSky Aging and Disability database (formerly SAMS), and
 - Monthly Data entry of new Consumer characteristics and service delivery into the WellSky Aging and Disability database (formerly SAMS).

Changes to Approved Grant Project

As per 7AAC 78.260, any changes to the service plan must be submitted in writing to the SDS Program Manager for approval prior to implementation of the change. The SDS Program Manager must be notified immediately whenever it becomes known to the grantee that a key staff position will become vacant. The grantee must submit a copy of the resume for the new hires for positions supported in whole or in part by the grant funds, matching funds, or with grant income earned through this program.

1.05 Target Population and Service Area

Applicants must clearly describe the population targeted by the project. Proposals will be evaluated for compatibility with the program's intended target population identified in this solicitation. Applicants must clearly describe their ability to provide services in the service area being solicited in this RFP. In addition, applicants must complete and submit the attached Outreach Plan form in order to outline how they plan to advertise the grant

services being provided in the selected area.

Target Population:

1. Person of any age with Alzheimer's Disease or Related Dementias,
2. Individuals 60 years of age or older who experience physical or cognitive impairments, or
3. Adults 18 years of age or older with similar disabilities and service needs to older Alaskans when the provision of care to such persons does not diminish services to primary groups of person being served.

Note: All persons under the age of 60 must be approved by the SDS Program Manager prior to being served on the prescribed form.

Meeting eligibility will be determined by the grantee with consultation provided by the SDS Program Manager as needed. Individuals who potentially meet income and level of care eligibility to receive services under the Home Community Based (HCB) Medicaid Waiver program must provide documentation of denial in order to be eligible for In-Home services under this grant. Services are prioritized within the eligibility requirements listed below, taking into consideration the individual's increased need for assistance with Activities of Daily Living (ADL) to remain living independently. In addition, these services are not intended for individuals entering the program requiring serious immediate specialized medical care.

Eligibility for Case Management, Respite, and Supplemental Services:

1. Individuals of any age who have ADRD, or
2. Individuals 60 years of age or older who experience physical or cognitive impairments, personal conditions or other characteristics which require the provision of services by formal service providers or family caregivers, and
3. Have a need that cannot be met through another program or informal support.

Eligibility for Chore services:

1. Individuals of any age who have ADRD, or
2. Individual's 60 years of age or older who experience physical or cognitive impairments, personal conditions or other characteristics which require the provision of services by formal service providers or family caregivers,
3. Have a need that cannot be met through another program or informal support, and
4. Require assistance with at least one ADL, or one of the following Instrumental Activities of Daily Living (IADL): meal preparation, shopping, light housework, or laundry.

Note: Chore is only available in cases when no willing, able-bodied person lives in the household.

Eligibility for Individuals under 60 Years of Age:

1. Individuals under the age of 60 years old must meet the same requirements as individuals 60 years of age or older;
2. The services they receive must not diminish services of the target population and priority of service; and
3. Require approval by the SDS Program Manager, on the prescribed forms, before services may begin. This is a statewide program with an emphasis toward providing services in underserved communities through local providers.

Applicants must indicate the number of individuals to be served on Planned Services and Expenditures form. It is expected that services delivered by the successful applicants will be performed within the service area(s) awarded.

1.06 Program Funding

Funding available for the Seward area is \$25,000 in State General Funds; Total funding for the program in FY2020 is \$2,717,265. The award made for FY2020 shall not be considered a guarantee that the same amount will be awarded in the second or third year of this RFP. Awards in continuing grant years are dependent upon the conditions stated in Section 3.05 of this RFP. The initial methodology for allocation of funds in FY2020 was based on the regional funding formula in the Alaska State Plan for Senior Services using 2016 data (copy provided under Attachments). However, all final awards were weighted using 2017 data to reflect the most recent data.

Match Requirement: The budget must include matching funds equal to 10.00% of the proposed DHSS funds. Calculate your required match using the following formula:

Total Requested Grant Award x Required Match Percentage = Required Match

State grant funds may not be used to match State funds awarded through this grant program.

Eligible sources of matching funds include:

- Local Cash-local sources, including local tax receipts, municipal revenue sharing, cash donations,
- Local In-Kind-donated items of value for which the applicant incurs no cost, including volunteer labor and donations of supplies, equipment, space,
- Other Sources-government and non-government grant awards, third party receipts, direct receipts such as gaming or sales of goods,
- Grant Income-earnings anticipated as a result of this project proposal receiving award, and Medicaid reimbursements if award of this grant is required for the applicant to bill Medicaid for awarded services, and
- Medicaid-Medicaid which is not Grant Income, as well as other third party receipts.

Proposed Budget: The applicant must submit a budget proposal for the first fiscal year of the project. The proposed budget detail and narrative, (*including required match*), will support the program's results based service delivery and staffing requirements stated in this RFP.

*A sliding fee scale for Chore and Respite services based on the most current Federal Poverty Guidelines for Alaska <https://www.healthcare.gov/glossary/federal-poverty-level-FPL/>, as well as a sliding fee scale policy, and the application or worksheet to evaluate the recipient's income in determining the co-pay will need to be submitted at the time of award. Grant Income includes receipts from recipients or their family through the sliding fee scale. Grant income must be reported each quarter.

The proposed budget will be fully compliant with the limitations described in this RFP, and those detailed in 7 AAC 78.160 (Costs). Regulations are provided under the GEMS Documents tab.

Resources specific to budgeting are also available under the GEMS Documents tab. DHSS Grant Budget Preparation Guidelines provide information and guidance about budget lines, cost detail groupings, and narrative requirements. Grantee User Manual Part I provide detailed instructions for entering a budget proposal in the chapter "Responding to a Solicitation."

Other Agency Funding: Prior to submitting a proposal, applicants are required to list all other agency funding received and applied for. This task must be completed by an Agency Power User in the Other Funding section of the Agency Administration tab. This is part of the pre-award risk assessment required under Uniform Guidance 2 CFR 200.

Indirect Costs: If the proposed budget includes indirect costs, 7 AAC 78.160(p) requires a copy of the agency's current federally approved Indirect Cost Rate Agreement. The agreement must be uploaded in the Agency Administration tab. Lapsed agreements can be used if uploaded with the negotiating federal agency's written approval to continue using the rate until a new agreement is negotiated.

Payment for Services/Grant Income: If applicable to the services proposed in response to this solicitation, awarded grantees must have a Medicaid Provider Number or apply to obtain one, and will make reasonable effort to bill all eligible services to Medicaid and any other available sources of payment before seeking grant support for delivery of the proposed services. DHSS funds are the payer of last resort.

In the applicant's proposed budget, anticipated receipts and expenditures for all grant income must be evident in the detail and narrative. Fiscal reports for awarded income generating projects will include the receipts and expenditure of all grant income.

Section 2 Applicant Qualifications

2.01 Agency Experience

Proposal evaluation will include consideration of the applicant's history of compliance with service and grant requirements, previous experience in providing the same or similar services, which may include evaluation of site reviews/program audits, and the successful resolution of any findings. This is part of the pre-award risk assessment required under Uniform Guidance 2 CFR 200.

The applicant must provide a brief history of prior experience providing same or similar services to the target population. The description must clearly identify the time period over which services were provided and the target population served. If the applicant is not a current or prior year grantee of DHSS or this Program, the proposal must include references and documentation of the successful delivery of same or similar services to the target population including a copy of their most recent audit.

2.02 Project Staffing

Project staffing must be sufficient to implement the proposed activities in order to meet program goals and the anticipated outcomes. Resumes, position descriptions, and professional credentials for key project personnel must be uploaded as part of the response. This is part of the pre-award risk assessment required under Uniform Guidance 2 CFR 200.

1. The applicant will be required to demonstrate the administrative infrastructure to support the project exists within the agency or through collaborations that support efficiencies. Executive and administrative staff must be qualified, as indicated by their professional and educational experience detailed in the attached resume(s).
2. As appendices to the proposal, resumes and job descriptions must be submitted for key project personnel including the program director, case manager(s), and service coordinator(s) for the services proposed. Applicants are expected to describe the agency's employee orientation process and the staff training plan including training for special populations served and how both are accomplished for staff in outlying service areas.
3. The applicant may sub-contract with another Medicaid-certified provider to provide for Respite and Chore services in the Seward service area, if the need to do so is clearly demonstrated in the proposal. Sub-

contracting must be done in accordance with 7 AAC 78.180, 7 AAC 78.250, and any other applicable statutes and regulations, the minimum staffing qualifications described in this RFP, and the applicable Conditions of Participation (COP). If funded and approved to sub-contract, the grantee will be required to submit the sub-contracting agreement with the provider agency to the SDS Grant Program Manager. While the sub-contractor is providing services on behalf of the grantee, the grantee will remain responsible for monitoring the provision of services to ensure they are provided according to the SDS Services Principles and other program requirements described in Section 1.03. The grantee must also comply with all reporting requirements for the services provided by the sub-contractor under the grant program.

4. Case Managers are not required to be certified Care Coordinators under this grant, but are required to take the basic care coordination training offered by SDS within three months of hire and every two years thereafter. The training may be taken on line or face-to-face. The training schedule may be found at <http://dhss.alaska.gov/dsds/Pages/ops/senior-disabilities-servicetraining.aspx>.

2.03 Administrative, Management, and Facility Requirements

The applicant must demonstrate the agency's sustainable fiscal and administrative capacity. Executive, administrative, and financial staff must be qualified, as indicated by the resumes of position holders uploaded as an element of the proposal. This is part of the pre-award risk assessment required under Uniform Guidance 2 CFR 200.

1. The applicant must ensure procedures are in place to protect client confidentiality compliant with State and federal standards.
2. The applicant must ensure its most recent financial audit was submitted to the appropriate state office (see Audit Requirements below), and any findings identified have been resolved.
3. The applicant must attach a current organizational chart showing the relationship of this project to the other functions within the organization.
4. Applicants must identify other grant funding applied for or awarded for the period of this grant in their agency record in GEMS, to help demonstrate fiscal sustainability.

Awarded proposers will be required to submit additional agency information if the agency GEMS record is not current.

By submitting a proposal the applicant agrees to comply with the following additional administrative and management requirements:

Quality Assurance Requirements for Grantee Service Providers In order to assure that providers of all services are qualified and deliver quality services, the Division of Senior and Disabilities now requires assurance all providers will comply with the Conditions of Participation adopted in regulations: [7AAC 130.200 - 130.319](#).

The Conditions of Participation (COP) contain new standards for providers, and operation of all home and community based services. At a minimum, all applicants must meet the Provider Conditions of Participation and applicants wishing to provide other services must comply with the Conditions of Participation associated with specific services. The Conditions of Participation provide guidance and standards for the Home and Community Based Medicaid Waiver Program and apply to similar services provided through grant funds.

1. Applicants providing Medicaid reimbursable services must have a Medicaid Provider number, or apply to obtain one, and shall seek Medicaid reimbursement for all eligible services. Proof of Certification or application for certification must be submitted with their proposal.
2. Applicants providing Medicaid reimbursable services, who do not have a Medicaid Provider number, and do not intend to obtain one, must include a request for exemption from the Medicaid requirement with their

proposal.

3. Applicants providing services that are not reimbursable by Medicaid must comply with the Provider Conditions of Participation, and must provide an assurance of compliance with their proposal.
4. Applicants requesting an exemption to requirements outlined in any of the Conditions of Participation must submit a request for exemption in meeting the terms of the Conditions of Participation with their proposal.

The COPS applicable to the services requested by this solicitation are: the Provider Conditions of Participation. Services are: Care Coordination Services COP, Chore Services COP, and Respite Care Services COP. Applicants may review these and all COPs for the provision of home and community-based services at this website <http://dhss.alaska.gov/dsds/Pages/regulationpackage.aspx>.

Note: Requests for exemption from Medicaid Certification and/or Conditions of Participation requirements must cite the specific section of the Conditions of Participation and an explanation of why the applicant believes the requirement would create an undue hardship, is not feasible, or would create a barrier to providing services.

Background Checks

This program is subject to the licensing and certification authority of the DHSS. This program receives payments in whole or in part, from DHSS and is subject to the statutory requirements of [AS 47.05.300–47.05.390](#) requiring background checks. Describe the agency's policy/procedures for implementing the background check requirement. For agencies proposing to serve multiple and/or remote locations, explain how this is accomplished for staff in outlying areas.

The Alaska Background Check Unit (BCU) provides centralized background check support for programs that provide for the health, safety, and welfare of persons who are served by the programs administered by DHSS. This requirement applies to unsupervised volunteers. More information may be found at <http://dhss.alaska.gov/dhcs/Pages/cl/bgcheck/default.aspx>.

Critical Incidents and Mandatory Reporting

Senior and Disabilities Services policies and procedures and applicable state laws in relation to reporting critical incidents and mandatory reporting. Critical incident policy and reporting form may be found at <http://dhss.alaska.gov/dsds/Pages/aps/default.aspx>.

Program Manual and Forms

Successful applicants will use the program resources, forms, and data collection methods utilized by SIH Services Grant Program. Some reports will be drawn directly from the GEMS reporting database.

Audit Requirements:

Federal Requirements: Agencies spending \$750,000 or more total Federal Financial Assistance in the agency fiscal year may be required to comply with conditions of the Single Audit Act of 1984, P.L. 98-502, as amended by the Single Audit Act Amendments of 1996, P.L. 104-156, and as defined in 2 CFR 200.

State Requirements: Agencies spending \$750,000 or more total State Financial Assistance in the agency fiscal year are required to comply with the conditions of 2 AAC 45.010-090. The current regulations may be viewed at the State of Alaska, Department of Law website, <http://www.law.state.ak.us/doclibrary/doclib.html>, or copies may be obtained from the contact identified on the cover page of the RFP.

Information on State and Federal Single Audit Acts compliance may be obtained from:

Telephone: (907) 465-3120

Facility, Service Access, and Safety:

1. The applicant must address potential safety concerns for clients and staff in the management of services proposed in response to this RFP.
2. The applicant must describe client accessibility to services and the way in which that will enhance project success.
3. The applicant must describe how the physical location of the facility will enhance delivery of services to the targeted population.
4. All applicants for DHSS grants must have a written plan for emergency response and recovery that provides for potential safety concerns and the safe evacuation of clients and staff. This plan is mandatory for agencies providing residential and/or critical care services as noted in the State Grant Assurances.

2.04 Support/Coordination of Services

In order to maximize the continuum of care for clients served through their proposed project, applicants must collaborate and coordinate with a broad range of agencies that provide services and supports to seniors in the communities where the applicant proposes to provide services. Applicants must provide the following and must be updated on GEMS as needed:

1. Tangible demonstration of formal partnerships, referral, and cooperative agreements that are in place as appendices to the proposal including the Aging and Disability Resource Center (ADRC) in the regions served, where available. Agreements must be current, specific to the communities and regions proposed to be served, and specifically address the services or expertise to be provided, where available.
2. Letters of support documenting community support where services are proposed.

Section 3 General Instructions for Proposal Submission

3.01 Eligibility

Applicants must be eligible to apply under 7 AAC 78.030 (Eligible Applicants). Eligible applicants are state agencies; political subdivisions of the state such as cities, organized boroughs, and Regional Educational Attendance Areas; nonprofit organizations and consortia of nonprofits; and Alaska Native entities. As follows, eligibility will be verified by Grants and Contracts.

1. Political subdivisions of the state and Regional Educational Attendance Areas will be verified by State records.
2. Eligible nonprofits are listed in the State's database of registered nonprofit entities or the US Internal Revenue Service's register of tax exempt organizations. Nonprofit subsidiaries of nonprofit corporations must also provide a letter from the parent organization confirming nonprofit status.
3. Alaska Native entities as defined in 7 AAC 78.950(1) must submit, with the application, a legally binding resolution waiving the entity's sovereign immunity to suit through the duration of the program, identified in RFP Subsection 3.05. The resolution must be authorized in compliance with the tribe's constitution, either by the tribal council or by majority vote of the tribal membership. The required template is provided at Subsection 4.02, Other Technical Requirements.

Applicant agency GEMS records must contain the agency's current State of Alaska Business License number, and a current governing board roster which includes titles, contact information, and terms of office for each seat. The roster must include emergency contact information outside the applicant agency for one or more officers.

Grants and Contracts will verify neither the applicant agency nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from receiving grant assistance from any State or federal department or agency. If an agency or its principals are excluded from receiving grant assistance, the proposal may not be considered.

Applicants who have had a contract or grant to help produce this RFP are not eligible to apply and any submitted proposal will not be considered.

3.02 Acceptance of Terms

By submitting a proposal, an applicant accepts all terms and conditions of this RFP including all identified attachments and guidelines, 7 AAC 78, and any other applicable statutes and regulations. Copies of these may be accessed through the contact person identified on the cover page or through the web address(es) identified in this RFP.

If a grant is awarded, this RFP and the applicant's proposal become part of the grant agreement. The applicant will be bound by the provisions contained in the awarded proposal unless the Department agrees that specific parts of the proposal are not part of the agreement.

Proposals and other materials submitted in response to this RFP become the property of the State and may be returned only if the State allows. Proposals are public documents and may be inspected or copied by anyone after grants have been awarded.

3.03 Inquiries

Applicants should immediately review this RFP for defects and questionable or confusing content. Questions that

can be answered by directing the applicant to a specific section in the RFP may be answered verbally by the contact person identified on the RFP cover page. Questions that cannot be answered by directing an applicant to a specific section of the RFP may be declared substantive. The applicant will be directed to submit the question in writing to the contact person at the email address on the cover page no later than the Deadline for Written Inquiries, also identified on the cover page. This will allow issuance of any necessary amendments and/or clarifications to all prospective applicants.

Applicants are responsible for monitoring GEMS or the State's Online Public Notices website (<http://aws.state.ak.us/OnlinePublicNotices/>) for any clarifications or amendments that may be issued regarding this solicitation.

Proposals will not be accepted after 3:59 PM prevailing local time on the due date identified on the cover page.

3.04 Proposal Costs and Content

The Department will not be responsible for any expenses incurred by the applicant prior to the authorized grant performance period. All costs of responding to this RFP are the responsibility of the applicant.

The applicant is responsible for the content of the proposal.

3.05 Duration

This RFP is for a three-year period, beginning in FY2020, 7/1/2019 through 6/30/2020. At the discretion of the Department, a project funded under this RFP may be considered for continued funding in subsequent program year (s). The annual decision to continue funding for the subsequent year(s) of the three-year grant cycle is based on the following general conditions:

1. the Department's judgment that there is a continued need for the grant project service;
2. the grantee's satisfactory performance during the previous grant year;
3. the availability of sufficient grant program funds, and whether continuation of the financing is consistent with public health and welfare; and
4. the ability of the grantee and the Department to agree on any adjustments in payments or service.

Applicants must submit a budget proposal for year one of the grant only. Funding in each subsequent year will require submission and approval of documents needed to update service plans, evaluation measures, and budgets. Grants and Contracts will notify grantees of specific submission requirements necessary to qualify for consideration of continued funding.

3.06 Proposal Review

Following the deadline for receipt of proposals, no revisions will be accepted unless provided in response to a request from the contact person named in this RFP. Proposals will be reviewed as follows:

1. Proposals will be evaluated in a manner that will avoid disclosure of contents before notices of grant award have been issued.
2. DHSS staff will evaluate each proposal for minimum responsiveness and other technical requirements, and eliminate nonresponsive proposals from consideration.

3. Using the criteria set out in this RFP and 7 AAC 78.100 (Criteria for Review of Proposals), DHSS staff will evaluate each responsive proposal. **Scores for each criterion will be based solely on the response to the associated question. Points will not be earned if the information was provided in response to another question in Section 4.** DHSS staff will also review relevant departmental documentation regarding the applicant. Staff recommendations regarding awards and levels of funding will include consideration of the following:
- i. a history of the applicant's compliance with grant requirements, to include records of program performance, on-site program reviews, and prior year audits;
 - ii. priorities in applicable State health and social services plans;
 - iii. requirements of applicable State and federal statutes; and
 - iv. municipal ordinances or regulations applicable to the grant program.

If there are multiple responsive proposals for which there is insufficient money to fully fund, or supplementary expertise is deemed necessary to the review of proposed services, the Department may appoint a Proposal Evaluation Committee (PEC) as an additional advisory body. PEC members will initially evaluate proposals, independently of other committee members. As a committee the PEC will meet in a **closed session** (7 AAC 78.090 Review of Proposals) to further review proposals and develop recommendations. Scores will be assigned based on the applicant's response to each individual question and the associated criteria. **Applicants will not earn points for a given question based on a response to another question in the RFP.** The PEC review will include discussion of each proposal's merits. PEC recommendations will rank proposals in priority order and include approval or disapproval for award, modifications to the proposed project, and special compliance conditions.

All staff advisory recommendations and, if applicable, those of the PEC, and all review materials will be submitted for consideration by the Division Director, who will make recommendations to the Commissioner of the Department of Health and Social Services or the Commissioner's designee.

3.07 Final Decision Authority

Recommendations are advisory only, including those from any PEC that may be held. The final decision to approve or disapprove award, the amount of each award, and whether to impose special conditions or modifications rests with the Commissioner or Commissioner's designee.

NOTE: The final decision may include additional considerations, such as a lack or duplication of services in certain locations, or alternative services that may be available; a critical need for services by vulnerable populations; and matters of health, life and safety. The Department has the responsibility to ensure public monies are utilized in a manner that protects the interests of the people of the State, and retains the right to make final awards that ensure responsible distribution of grant funds.

3.08 Notification of Grant Award and Appeals

Within fifteen (15) days after the decision regarding grant awards, applicants will be notified of the final funding decisions, and, if awarded, any conditions of award or modifications. Following any necessary negotiations for revisions to the proposed budget and scope of services, successful applicants will be issued a grant agreement. This formal agreement will contain specific performance and reporting requirements consistent with Department policy and procedure and 7 AAC 78.

Per 7 AAC 78.305 (Request for Appeal), an applicant may appeal a final grant award decision. Requests for hearing

must be addressed to the Commissioner, and received in writing at the address below within 15 days after the applicant receives notification of the decision. The request must contain the reasons for the appeal and must cite the law, regulation, or terms of the grant upon which the appeal is based.

With a copy to the contact identified on the solicitation cover page, send appeal to:

Commissioner Adam Crum
Department of Health and Social Services
3601 C Street, Suite 902
Anchorage, Alaska 99503-5923

3.09 Cancellation of the RFP/Termination of Award

Contingent upon funding appropriations and the Governor's approval, the Department may fund proposals from eligible applicants. DHSS may withdraw this RFP at any time and reserves the right to refrain from making an award when such action is deemed to be in the best interest of the State. Funds awarded for a grant as a result of this RFP may be withheld and the grant terminated by written notice from the State to the grantee at any time for violation by the grantee of any terms or conditions of the grant award, or when such action is deemed to be in the best interest of the State.

Section 4 Submission Requirements/Evaluation Criteria
